Immigrant Outreach Program
The YWCA’s Immigrant Outreach Program serves immigrant victims of domestic violence and human trafficking.

By sharing information about the cycle and dynamics of violence and encouraging victims to know and exercise their legal rights, we work to offer relief to victims.

We also provide referrals to legal and social services.

Our Services Include:

- Assistance and support for victims of domestic violence
- Restraining orders
- Emergency safety plans for families
- Access to a free legal clinic, with lawyers specializing in immigration and family cases
- Assistance with immigration forms, including for DACA
- Mental health and community empowerment programs
- Support groups
- English as a second language and citizenship classes.

Our Goal:

The goal of the Immigrant Outreach Program is to build a community where people have access to necessary basic resources.

Our commitment is to serve, help and inform the community about the most recent changes in immigration law and general information, so immigrants know their legal rights and options.

We offer services completely in Spanish. Some services may have costs associated with them.
