Immigrant Outreach

YWCA Rock County's **Immigrant Outreach Program** serves immigrants and victims of domestic violence and human trafficking.

By sharing information about the cycle and dynamics of violence and encouraging victims to know and exercise their legal rights, we work to offer relief to victims.

Programming includes helping to remove daily barriers that prohibit immigrants from fully participating in community life. Opportunities include citizenship and civic responsibility curriculum, family and self sufficiency and domestic violence prevention and safety. Additional services include interpretation and translation, systems navigation and more.

We also provide referrals to legal and social service.
